### **Program Changes:**

The HFS recognized a need to more thoroughly define some of the benefits and processes for different aspects of the program. Therefore, clarifications for the administration of preventive treatment provided out-of-office and for orthodontic billing and payment have been included. Code D9248, non-intravenous conscious sedation, has been added as a covered benefit. In addition, in accordance with the Illinois Dental Practice Act, dental providers billing code D9241 (intravenous sedation) or D9248 must hold either a Dental Sedation Permit A or B and those billing code D9220 must hold a Dental Sedation Permit B, as defined in the Illinois Administrative code 1220.500. These changes are reference as follows:

- Outline of Dental Services Provided Out-of-Office – **Section 10; Page 29 of DORM**
- Revised Orthodontic Billing Requirements– **Page 45; Attachment Q of DORM**
- Addition of code D9248 – **Page 49 and Page 32; Attachment Q & R of DORM**
- Updated IHFS Website – **Section 1.02; Page 9 of DORM**
